PHILOSOPHY

Claridge's Spa draws together ancient Japanese healing rituals, restorative bodywork and the latest bio-innovation to amplify your emotional, physical and spiritual wellbeing.

With personalised treatments designed around high-performance lifestyles, our holistic approach restores energy and harmony, leading to a sense of inner calm and a radiant outer glow.

THE SPACE

Claridge's Spa brings a soothing sense of calm and tranquillity to the heart of the hotel. Feel your soul lighten as you step inside, your senses heighten at the sound of flowing water and energy-cleansing music, designed to raise your vibration. Breathe in the heady aromas from our incense, hand-crafted herbal poultices and custom fragrance, with grounding notes of cinnamon, cedarwood and clary sage. Intricate ikebana floral arrangements, inspired by the rhythm of the seasons, provide a backdrop to this otherworldly space. Sip our seasonal tea blend or crystal-infused water and let your journey begin.

The spa features an intimate, electrolyte-rich relaxation pool, male and female steam rooms and saunas and six luxurious treatment rooms with private bathrooms. A heavenly, hand-carved pink-onyx stone bed features in The Pink Room, ready to melt your physical and emotional stress away.

A connected-fitness gym hosts state-of-the-art cardio and weight based equipment, a boxing bag and a personal training area.

Josh Wood's appointment-only hair salon brings the team's creativity to Claridge's.

ART OF RITUALS

Inspired by the art of ceremony in Japanese culture, we have thoughtfully created opening and closing rituals, inspired by temple Koh-do, to accompany and elevate our unique treatments. Our omakase approach to your experience means we are happy to design a perfectly tailored experience for you, or simply lie back and have our discerning team of healers gently move you to a new state of being.

TREATMENTS

CLARIDGE'S
SIGNATURE TREATMENTS

Welcoming Foot Ceremony

10 minutes | Included with our Bamboo & Silk Ritual and Bespoke 90-minute treatment
Temple incense, seasonally blended tea and healing bells made by Japanese artisans are used to cleanse the mind and aid relaxation.

Wash away the outside world with our welcoming foot ceremony. Seasonal, scented water with freshly fermented enzyme-rich koji softens and smooths the skin, while shiatsu pressure points are applied to unlock tension and encourage circulation.

Bespoke massage

60/90 minutes | £195/£260
Our personalised, omakase-inspired approach means that we can craft a bespoke massage tailored to your needs. Why not end your spa treatment with a Josh Wood blow-dry, manicure or pedicure?

Bamboo & Silk Ritual

90 minutes | £295
A total mind and body immersion comprising of our welcoming foot ceremony with enzyme-rich koji to smooth and soften skin, a trilogy of body and hand massage techniques and a nurturing silk facial.

An invigorating body massage with warmed bamboo sticks works deep into the muscles, stretching and releasing tension while harnessing the powerful healing benefits of heat combined with seasonal herbs within hot oil-infused poultices. A deep hand massage soothes stress held throughout the body.

The treatment ends with a nurturing facial. Silk cocoons hydrate and replenish the skin's barrier, while mini-poultices are used on pressure points on the face and décolletage to calm the mind and leave you feeling restored and rested.

THE PINK ROOM

A haven of wellbeing, inspired by The Painter's Room bar, this serene retreat nods to restoration and deep nourishment within a powerful pink aesthetic. At its heart is the gently heated pink onyx bed – where a modern, sense-awakening take on the classic hammam unfolds.

Claridge's Signature Hammam

90 minutes | £350

A modern twist on the classic hammam, your treatment begins with an aromatic steam to open the pores and reawaken the senses. A charcoal soap, infused with English mint and sugar kelp, detoxifies and cleanses skin, before exfoliation using a traditional, fine textured kese mitt – yours to take away.

After ladling aromatic rose water over your body, your therapist applies a pink clay mask. While the mask works its wonders, enjoy a cleansing face ritual, hair oiling and scalp massage. To finish, immerse in a blend of buttermilk and rose petals, before the final soothing application of rose body oil and shea butter.

Bespoke Hammam

60 minutes | £300

Our classic full body hammam experience is tailored to your bespoke needs. After a sense-stirring aromatic steam opens the pores, you're treated from tip to toe with a deep hair cleanse and your choice of nourishing mud mask.
